No. 41

MOTOR FIRE ENGINES, LATEST EQUIPMENT FOR THE FIRE DEPARTMENT

Fire Chief Lauder is standing back of one of the motors.

FIRE FIGHTING APPLIANCES TO BE TESTED TODAY

New Motor Engines Now Regarded as Absolutely Necessary in Cities.

HAVE PUMPING CAPACITY OF 700 GALLONS MINUTE

Thought With New Machinery Water Pressure Will Not Have to Be Raised.

Two new motor fire engines, the first equipment of its kind to be added to the fire department, are being tested and demonstrated this afternoon at First and North-west Boulevard in the presence of the Mayor, Fire Chief Lauder, and other city officials. The engines are being tested by the fire department, and the results of the tests will be reported to the city council.

Motor fire engines represent the latest fire fighting appliance which has been thoroughly tested, approved and placed among the necessary requirements of metropolitan services. Technical imagines has agreed for some time that the internal combustion engine would replace the old style steam engine for fire purposes. The motor engine is lighter and quicker in all phases of its work, and at the same time combines with its own usefulness the functions of a hose wagon.

The motors being tested today are of 110 horse power and have a pumping capacity of 700 gallons a minute, each. Each motor carries 1,000 feet of fire hose. One of the machines come very near being a full fire fighting engine within itself.

The purchase of these two pieces of fire fighting equipment is the result of a policy well thought out and adopted by city municipaldom as early as the fall of 1912. It was at this time that Fire Chief Lauder suggested that Edmonton should adopt this equipment.

If the little excursion made by two automobiles in to the United States to the chaperon Fire Chief Lauder to the fire chiefs' conventions at Denver and Los Angeles did nothing more, it taught those afterwards as to the usefulness of motor equipment and particularly the motor fire engine. Now the machines are here and are being demonstrated. A chief argument in behalf of these

GERMAN PARLIAMENT MAKES APPROPRIATION FOR OLYMPIC GAMES

Berlin, Feb. 17.—By a considerable majority the German imperial parliament today adopted an appropriation of \$50,000 for the Olympic games to be held here in 1916. The appropriation was rejected by the budget committee on January 15, but the leaders of the clerical party today gave their followers freedom of action in the matter and all but a few of them voted in favor of the appropriation.

The socialist persisted in their attitude of protest but it was pointed out that this was more for tactical political reasons than for hostility to the Olympic games. Socialist leaders complained that their own athletic clubs were getting no government aid.

ONE DEAD, SEVERAL MISSING, FIVE INJURED IN ALBANY BLAZE

Albany, N.Y., Feb. 17.—One man dead, several missing, and five injured was the toll of a \$100,000 fire early today in the Midway block, a four-story block in the business section. The fire was still burning at 10 o'clock, and it was thought it would be hours before the ruins could be searched.

Motor engines is that they work a great economy and eliminate risks with the power house pumping machinery and the water mains. With these motors operating, it is not necessary for the pressure in the water mains to be raised to the usual 70 to 90 pounds for fire fighting purposes. With domestic pressure at 40 pounds, the motor engines do the rest. These two engines will be put in service and given a thorough actual operation for this year. And if they prove satisfactory under Edmonton conditions, it is likely to add more and eventually so equip the department that it will never be necessary to raise the pressure in the water mains in case of fire.

Wellfleet, Mass., Feb. 17.—Captain Garva and four members of the Italian bark Castagna perished when their vessel was thrown on the outer bar of Cape Cod near the Marconi wireless station just before dawn today.

The first mate and seven sailors were rescued by life savers, one of whom Captain Tobin of the Casson's Hollow life station was badly injured by the

FRANKLY ADMITS CANADIANS BEST WITH ROSS RIFLE

Army and Navy Gazette Thinks This Reason 'Why Should Be Handicapped.'

GENERAL FEELING FAULT LIES WITH WAR OFFICE

Situation is Arousing Keenest Interest in All Classes in England.

London, Feb. 17.—The apathy which for years now has been shown by the general body of English public towards the Bliley meeting is exemplified at the present time in the small amount of interest being manifested in the difficulty between the National Rifle association and the war office. Most people interested appear to think that the fault of the new regulations, if they are faulty, lies with the war office. But this week's Army and Navy Gazette takes a different view and describes as grotesque to a degree the statement of Col. Sam Hughes that the war office wants to force Canada to discard her Ross rifle and use instead the new obsolete Lee-Enfield.

"This same journal reminds Col. Hughes that a new rifle having an aperture sight is now under consideration for use in this country. 'It may certainly be argued,' goes on this writer, 'that the war office might have permitted the Canadians who in this respect are ahead of the rest of the empire, to use aperture sights, but according to most people this advantage would have given them a distinct advantage over the other competitors.'"

overturning of the surf boat. The shipper of the Castagna was washed overboard. Three men were frozen to death in the rigging and one died in the surf boat on the way to shore. The loss of life was the largest in a wreck off Cape Cod in 12 years.

The frozen corpses of Captain Garva and three sailors were left in the rigging, where the men had lashed themselves during the hours of darkness, to avoid being carried overboard by the sea which swept the decks.

MUST START REIGN WITH HALF TREASURY PROMISED TO HIM

Berlin, Feb. 17.—Prince William of Weid left today on the way to London and Paris to pay his respects to King George of England and President Poincaré of France, before assuming the governorship. The formal tender of the throne of Albania to Prince William possibly will be made only after his arrival at Durazzo, Albania by the assembly of Albanian notables.

The prince will start his reign with only \$1,000,000 of the \$15,000,000 promised by the powers to finance his treasury. He had hoped to obtain an advance of \$2,000,000 but the powers had refused the advance.

MANY ARE DEAD AS RESULT OF BAD FIRE IN SPANISH VILLAGE

Madrid, Feb. 17.—Fire destroyed the village of Espinosa de los Caballeros in the province of Avila, early today. The brief dispatches received here referred indefinitely to numerous dead and injured. The flames broke out at midnight and were fanned in violence by strong wind until every house in the place was on fire.

Espinosa de los Caballeros is a small agricultural center with about 3,000 inhabitants.

So, we doubt whether many Canadians would appreciate such a concession.

This view quoted above has certainly a good many supporters, even among riflemen most opposed to the autocratic methods of the war office. The advantage the Ross rifle to the Canadians has been demonstrated. However if it is a question of shutting the Canadians out altogether by barring the aperture sight, then public opinion is altogether on the Canadian side and against the war office.

high that the life savers had to wait for some time before they could reach their lifeboats and pull out to the wreck against w-d, sea and biting cold. The survivors were carried to the second wireless station, where medical attention was given them. All were so overcome by exposure that they could give no coherent account of the disaster.

MORE IMPRESSED WITH EDMONTON THAN ANY CITY

S. Finnigan, Well Known British Manufacturer Presents Bouquet to Canadians

GREATLY PLEASED WITH FINE WESTERN CLOTHING

Making Trip for Firm to Every British Possession—Will Return Here.

"Edmonton is the most important looking city that I have seen in the west thus far," said S. Finnigan to a Capital reporter this morning, when interviewed regarding his impressions of the west. Mr. Finnigan is on his way to Vancouver from London, Eng., as the representative of a large manufacturing establishment doing business in all the British possessions.

What impresses me most, continued Mr. Finnigan, is the very sociable disposition of the many people I have met while on the trip. In speaking of the journey from Toronto to Edmonton, he stated that while it was a long distance in miles it was made so pleasant by the many fine people he met that the time seemed little longer than if he had been taking a very short trip in the old country.

The fine, substantial buildings in Edmonton were commented on next, the statement being made that in this respect the stranger is not long in the city until he feels that he is in a place which has all the earmarks of being a very large commercial center.

The fine climate of the west was another of the points on which Mr. Finnigan was pleased to talk. He said

New York, Feb. 17.—Members of the Besley expedition which left here last summer to explore unknown regions of South America returned today on the steamship Byron and reported that they found the bones of members of the Cromer expedition, which entered the wilds of Peru nearly two years ago and were never heard from.

The Besley expedition was led by W. H. Cromer, a former West Point cadet, and William H. Page, a Chicago high school teacher.

The Besley expedition crossed the continent from Lima and went down the Amazon from the headquarters to its mouth. They found hip and thigh bones and other traces of the Cromer party on the way and erected a cross to their memory.

They also returned today were Captain J. J. Besley, an Englishman; Franklin B. Coates, J. K. Holbrook and J. W. Bunne. They reported the discovery of a new Inca city in Peru called Tlayayoc, and visited other regions hitherto unknown to white men.

Traces also were found of the lost Seljan expedition, which took the same route as the Cromer expedition, and Captain Besley thought the bones might have been the remains of members of either party. The Seljan expedition went in search of rubber and is said to have been financed by F. F. Grundlich, of Chicago.

They also were encountered on the trip savage cannibal tribes, armed with poisoned arrows and on one occasion his party was attacked by them. A few shots drove them off.

It was one of the most perilous journeys a white man has undertaken, and passed through alive," said a member of the party. "There were times when a wrong move meant death, not only among the savages, but also while traveling the treacherous Huallaga river full of rapids and whirlpools. We had to divide our nights into four watches as precaution both against Indians and wild beasts."

AUSTRALIAN LABOR LEADERS EXPECTED TO BE DEPORTED

San Palms, Canary Islands, Feb. 17.—The steamer Ungeni, on which a dozen labor leaders from South Africa are being taken to England, called here for provisions yesterday and remained 12 hours. No one was allowed to go aboard or leave the vessel. The labor leaders who had been deported so unexpectedly talked to some reporters, who approached the ship in a launch. They declared that their deportation was not altogether a surprise to them. They declined to make any statement until after they have had a consultation with the English trade union leaders.

EXPLOSION HEARD 25 MILES AWAY: ONE MAN KILLED

Hillsville, Penn., Feb. 17.—With a roar that was heard 25 miles away, the mixing house of the West Pennsylvania Powder Company, located at Tuxton, six miles from here, was blown to pieces by an explosion today. Robert Caughey was killed and another workman mortally injured. Two other men employed at the plant could not be found. A telephone message from near the plant soon after the explosion said the plant had taken fire and was burning.

that on leaving London he had a wholesome fear of the 40 or 50 degrees below zero that he understood was quite a common occurrence in the west. "In Winnipeg it was 40 degrees below when I was stopping there," he said, "and I did not mind it at all."

He happened to arrive in Edmonton in time to catch the recent mild spell, and he said he was much to him. "I will feel more like talking on my return from the coast," said Mr. Finnigan, as he left the hotel where the government buildings, where he intended to take a good look at the architectural features of this edifice.

FIFTEEN HUNDRED MILES IN LENGTH LINE GOING TO BE

Tracks to Be Built to Extend From Prince Rupert to Prince Albert.

OPENS UP TAR, COAL AND MINERAL AREAS

Promoter is D. A. Thomas of Cardiff, Wales, Large British Operator.

Ottawa, Feb. 17.—The railway committee of the commons this morning granted a charter to Pacific, Peace and Alaskan Railway company, which proposes to construct a line 1,500 miles in length in a portion of Western Canada not now served by a railway line.

The road will extend from the mouth of the New River, north of Prince Rupert, eastward through British Columbia and the Peace River country to Prince Albert and is designed to open up vast coal tar and mineral areas. Col. A. Thompson, counsel for the company, made much of the fact that the promoter is D. A. Thomas of Cardiff, Wales, probably the largest coal operator in Great Britain who proposes to tap the extensive coal areas of the Canadian North, particularly the smokeless coal deposits of Northern British Columbia for the use of British navy on the Pacific coast.

GRAND TEMPLARS ELECT OFFICERS AT CONVENTION

Strong Discussion Followed Electoral Committee Report on Prohibition.

FOURTEEN MEMBERS TOOK THE GRAND LODGE DEGREE

Only One Out of Number of Reports Was Passed at Evening Session.

The Grand Lodge of Alberta Independent Order of Grand Templars now in session in Grace church, held their evening session yesterday when 14 members took the Grand Lodge degree. The election of officers took place at the afternoon session. The Grand Lodge degree was taken by 11 members in the morning and 11 others at the evening session.

The reports of committees was the chief business at the session this morning. A strong discussion was heard on the report of the electoral committee which deals with the question of prohibition and other kindred matters. The meeting was adjourned at 11:45 and will convene at 2 p.m. this afternoon. The electoral committee will be struck for the year and finances considered.

Officers Are Elected
At the afternoon meeting held yesterday the following officers were elected: Grand chief templar, Brother J. T. English, Lethbridge; grand councillor, Brother S. W. Coombe, re-elected; Calgary Central lodge; grand vice-templar, Sister C. Wahlberg, North Star lodge, Calgary; grand supreme-temple, Brother H. Partridge, Audley, Edmonton; grand secretary, Brother H. Partridge, Audley, Edmonton; grand treasurer, Brother Sandberg, North Star lodge, Calgary; grand chief clerk, Brother J. T. English, Lethbridge; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. Aldrich, Calgary; grand treasurer, Brother H. Partridge, Audley; grand chief clerk, Brother H. Partridge, Audley; grand clerk, Brother W. A. Twiss, Edmonton; grand registrar templars, re-elected, Brother H. Partridge, Audley; grand secretary, Brother H. Partridge, Audley; grand assistant secretary, Brother F. C. MOTOR FIRE ENGINES, LATEST EQUIPMENT FOR THE FIRE DEPARTMENT

Fire Chief Leuder is standing back of one of the motors.

FIRE FIGHTING APPLIANCES TO BE TESTED TODAY

New Motor Engines Now Regarded as Absolutely Necessary in Cities.

HAVE PUMPING CAPACITY
OF 700 GALLONS MINUTE

Thought With New Machinery
Water Pressure Will Not
Have to Be Raised.

Two new motor fire engines, the first equipment of its kind to be added to the fire department, are being tested and demonstrated this afternoon at First and North-west Boulevard. In the presence of Mayor and Health Commissioner M. J. Booth, several other city officials and interested citizens, Fire Chief Leuder is exceedingly proud of this new equipment, for it puts his department right in the front row of departments of the country.

Motor fire engines represent the latest fire fighting appliance which has been thoroughly tested, approved and placed among the necessary requirements of metropolitan services. Technical magazines have agreed for some time that the internal combustion engine would replace the old steam engine for fire purposes. The motor engine is lighter and quicker in all phases of its work, and at the same time combines with its own usefulness the functions of a hose wagon.

The motors being tested today are of 110 horse power and have a pumping capacity of 700 gallons a minute each. Each motor carries 1,000 feet of fire hose. One of the machines comes very near being a full fire fighting equipment within itself.

The purchase of these two pieces of fire fighting equipment is the result of a policy well thought out and adopted by city municipaldom as early as the fall of 1912. It was at this time that Fire Chief Leuder suggested that Edmonton should adopt this equipment.

If the little excursion made by two aldermen in the United States to the Chaperon Fire Chief Leuder to the fire chiefs' conventions at Denver and Los Angeles did nothing more, it taught those aldermen as to the usefulness of motor equipment and particularly the motor fire engine. Now the machines are here and are being demonstrated.

A chief argument in behalf of these

GERMAN PARLIAMENT MAKES APPROPRIATION FOR OLYMPIC GAMES

Berlin, Feb. 17.—By a considerable majority the German imperial parliament today adopted an appropriation of \$500,000 for the Olympic games to be held here in 1916. The appropriation was rejected by the budget committee on January 15, but the leaders of the clerical party today gave their followers freedom of action in the matter and all but a few of them voted in favor of the appropriation.

The socialist persisted in their attitude of protest but it was pointed out that this was more for tactical political reasons than for hostility to the Olympic games. Socialist leaders complained that their own athletic clubs were getting no government aid.

ONE DEAD, SEVERAL MISSING, FIVE INJURED IN ALBANY BLAZE

Albany, N.Y., Feb. 17.—One man dead, several missing, and five injured was the toll of a \$100,000 fire early today in the Madison block, a four-story block in the business section. The fire was still burning at 10 o'clock, and it was thought it would be hours before the ruins could be reached.

Motor engines is that they work a great economy and eliminate risks with the power house pumping machinery and the water mains. With these motors operating, it is not necessary for the pressure in the water mains to be raised to the usual 70 to 80 pounds for fire fighting purposes. With domestic pressure at 40 pounds, the motor engines will be put in service and given a thorough actual operation for this year. And if they prove satisfactory under Edmonton conditions, it is purpose to add more and eventually to equip the department that it will never be necessary to raise the pressure in the water mains in case of fire.

Wellfleet, Mass., Feb. 17.—Captain Garza and four members of the Italian vessel, Castagna, perished when their vessel was thrown on the outer bar of Cape Cod near the Marconi wireless station just before dawn today.

The first mate and seven sailors were rescued by life savers, one of whom was Captain Tobin of the U.S. cutter. The life station was badly injured by the overturning of the surf boat. The ship was being carried overboard by the sea which swept the decks.

The Castagna, from Montevideo for Boston, with phosphate rock, struck the bar early today during a blinding snowstorm and a sixty-mile north-west gale. The beach patrol sighted her at dawn 300 yards off shore with the surf breaking over her and threat-

FRANKLY ADMITS CANADIANS BEST WITH ROSS RIFLE

Army and Navy Gazette Thinks This Reason Why Should Be Handicapped.

GENERAL FEELING FAULT
LIES WITH WAR OFFICE

Situation is Arousing Keenest Interest in All Classes in England.

London, Feb. 17.—The apathy which for years now has been shown by the general body of English public towards the Halsey meeting is exemplified at the present time in the small amount of interest being manifested in the difficulty between the National Rifle association and the war office. Most people interested appear to think that the fault of the new regulations, if they are faulty, lies with the war office. But this week's Army and Navy Gazette takes a different view and describes as grotesque to a degree the statement of Col. Sam Hughes that the war office wants to force Canada to discard her Ross rifle and use instead the new obsolete Lee-Enfield.

This same journal reminds Col. Hughes that a new rifle having an aperture sight is now under consideration for use in this country. "It may certainly be argued," goes on this writer, "that the war office might have permitted the Canadians who in this respect are ahead of the rest of the empire, to use aperture sights, but according to most people this would have given them a distinct advantage over the other com-

petitors. So we doubt whether many Canadians would appreciate such a concession. This view quoted above has certainly a good many supporters, even among riflemen most opposed to the autocratic methods of the war office. The advantage the Ross rifle to the Canadians has been demonstrated. However if it is a question of shutting the Canadians out altogether by barring the aperture sight, then public opinion is altogether on the Canadian side and against the war office.

During the hours of darkness, the vessel was being carried overboard by the sea which swept the decks. The Castagna, from Montevideo for Boston, with phosphate rock, struck the bar early today during a blinding snowstorm and a sixty-mile north-west gale. The beach patrol sighted her at dawn 300 yards off shore with the surf breaking over her and threat-

MUST START REIGN WITH HALF TREASURY PROMISED TO HIM

Berlin, Feb. 17.—Prince William of Weid left today on the way to London and Paris to pay his respects to King George of England and President Poincaré of France, before assuming the sovereignty. The formal tender of the throne of Albania to Prince William possibly will be made only after his arrival at Durazzo, Albania by the assembly of Albanian notables.

The prince will start his reign with only \$1,000,000 of the \$15,000,000 promised by the powers to finance his treasury. He had hoped to obtain an advance of \$2,000,000 but the powers have refused.

MANY ARE DEAD AS RESULT OF BAD FIRE IN SPANISH VILLAGE

Madrid, Feb. 17.—The destroyed village of Espinosa de los Caballeros in the province of Avila, early today. The brief dispatches received here referred indefinitely to numerous dead and injured. The flames broke out at midnight and were fanned in violence by strong wind until every house in the place was on fire.

Espinosa de los Caballeros is a small agriculture center with about 3,000 inhabitants.

More. So we doubt whether many Canadians would appreciate such a concession. This view quoted above has certainly a good many supporters, even among riflemen most opposed to the autocratic methods of the war office. The advantage the Ross rifle to the Canadians has been demonstrated. However if it is a question of shutting the Canadians out altogether by barring the aperture sight, then public opinion is altogether on the Canadian side and against the war office.

During the hours of darkness, the vessel was being carried overboard by the sea which swept the decks. The Castagna, from Montevideo for Boston, with phosphate rock, struck the bar early today during a blinding snowstorm and a sixty-mile north-west gale. The beach patrol sighted her at dawn 300 yards off shore with the surf breaking over her and threat-

ening to pound her to pieces. The combined life saving crews from the Naugatuck and Cabotus Hollow stations set up their beach gun and shot three times across the Castagna's deck, but the sailors were so bound by the cold that they were unable to handle the breeches buoy tackle.

The gale had moderated to thirty miles an hour, but the surf was so

MORE IMPRESSED WITH EDMONTON THAN ANY CITY

S. Finnigan, Well Known British Manufacturer Presents Bouquet to Canadians

GREATLY PLEASED WITH
FINE WESTERN CLIMATE

Making Trip for Firm to Every
British Possession—Will
Return Here.

"Edmonton is the most important looking city that I have seen in the west thus far," said S. Finnigan, a Canadian reporter this morning when interviewed regarding his impressions of the west. Mr. Finnigan is on his way to Vancouver from London, Eng., as the representative of a large manufacturing establishment doing business in all the British possessions.

What impresses me most, continued Mr. Finnigan, is the very suitable disposition of the many people I have met while on the trip. In speaking of the journey from Toronto to Edmonton, he stated that while it was a long distance in miles it was made so pleasant by the many fine people he met that the time seemed little longer than if he had been taking a very short trip in the old country.

The fine, substantial buildings in Edmonton were commented on next, the statement being made that in this respect the strainer is not long in the city until he feels that he is in a place which has all the earmarks of being a very large commercial center.

The fine climate of the west was another of the points on which Mr. Finnigan was pleased to talk. He said

AUSTRALIAN LABOR LEADERS EXPECTED TO BE DEPORTED

Los Palmas, Canary Islands, Feb. 17.—The steamer Ungut, on which a dozen labor leaders from South Africa are being taken to England, called here yesterday and remained for two hours. No one was allowed to go aboard or leave the vessel. The labor leaders, however, were deported as an expected matter to some reporters who approached the ship in a launch. They declared that their deportation was not altogether a surprise to them. They declined to make any statement until after they have had a consultation with the English trade union leaders.

EXPLOSION HEARD 25 MILES AWAY; ONE MAN KILLED

Hairfield, Penn., Feb. 17.—With a roar that was heard 25 miles away, the mining house of the West Pennsylvania Powder Company, located at Tunnelton, six miles from here, was blown to pieces by an explosion today. Robert Casagarty was killed and another workman mortally injured. Two other men employed at the plant could not be found. A telephone message from near the plant soon after the explosion said the plant had taken fire and was burning.

On leaving London he had a wholesome fear of the 40 or 50 degrees below zero that he understood was quite a common occurrence in the west. "In Winnipeg it was 40 degrees below when I was stopping there," he said, "and I did not mind it at all."

He happened to arrive in Edmonton in time to catch the red maple in bloom and it appeared very much to him. "I will feel more like talking on my return from the coast," said Mr. Finnigan, as he headed down to the parliament buildings, where he intended to take a good look at the architectural features of this edifice.

high that the life savers had to wait for some time before they could launch their lifeboat and pull out to the wreck against wind, sea and lulling cold. The survivors were carried to the shore by the beach patrol, where medical attention was given them. All were so overcome by exposure that they had no coherent account of the disaster.

FIFTEEN HUNDRED MILES IN LENGTH LINE GOING TO BE

Tracks to Be Built to Extend From Prince Rupert to Prince Albert.

OPENS UP TAR, COAL AND MINERAL AREAS

Promoter is D. A. Thomas of Cardiff, Wales, Large British Operator.

Ottawa, Feb. 17.—The railway committee of the commons this morning granted a charter to Pacific, Peace and Athabasca Railway company, which proposes to construct a line 1,500 miles in length in a portion of Western Canada now served by a railway.

GRAND TEMPLARS ELECT OFFICERS AT CONVENTION

Strong Discussion Followed Electoral Committee Report on Prohibition.

FOURTEEN MEMBERS TOOK THE GRAND LODGE DEGREE

Only One Out of Number of Reports Was Passed at Evening Session.

The Grand Lodge of Alberta Independent Order of Grand Templars now in session in Grace church, held three sessions yesterday when 25 members took the Grand Lodge degree. The election of officers took place at the afternoon session. The Grand Lodge degree was taken by 11 members in the morning and 11 others at the evening meeting.

The reports of committees was the chief business at the session this morning. A strong discussion was heard on the report of the electoral committee which deals with the question of prohibition and other kindred matters. The meeting was adjourned at 11:45 and will convene again this afternoon when the standing committee will be struck for the year and first consideration.

Officers Are Elected
At the afternoon meeting 12 members of the following officers were elected: Grand chief templar, Brother J. T. English, Lethbridge; grand commander, Brother S. W. Campbell, Calgary; grand electoral superintendent, Brother J. E. McKee, Calgary; grand secretary, Brother J. E. McKee, Calgary; grand treasurer, Brother J. E. McKee, Calgary; grand auditor, Brother J. E. McKee, Calgary; grand chaplain, Rev. W. C. Connolly, Chester, Bar. Lodge; grand master, Brother J. E. McKee, Calgary; grand assistant secretary, Brother J. E. McKee, Calgary; grand assistant treasurer, Brother J. E. McKee, Calgary; grand assistant auditor, Brother J. E. McKee, Calgary; grand assistant chaplain, Brother J. E. McKee, Calgary; grand assistant secretary, Brother J. E. McKee, Calgary; grand assistant treasurer, Brother J. E. McKee, Calgary; grand assistant auditor, Brother J. E. McKee, Calgary; grand assistant chaplain, Brother J. E. McKee, Calgary.

Following the election of officers the convention rose and retired to the St. James hotel, where they had lunch. At the evening session 11 members took the grand lodge degree, as follows: Unit Lodge No. 17, Edmonton; Unit Lodge No. 18, Edmonton; Unit Lodge No. 19, Edmonton; Unit Lodge No. 20, Edmonton; Unit Lodge No. 21, Edmonton; Unit Lodge No. 22, Edmonton; Unit Lodge No. 23, Edmonton; Unit Lodge No. 24, Edmonton; Unit Lodge No. 25, Edmonton; Unit Lodge No. 26, Edmonton.

TO BE ORGANIZED THROUGHOUT THE PROVINCE

Annual Meeting of Edmonton Liberals Endorses Plans of Executive Unanimously; City Divided into Twelve Districts and Convenors Named for Each to Form Local Associations

It has been said that liberals are at their best in opposition, from the very nature of their political and economic make-up. Last night's annual meeting of the Edmonton Liberal association in the Empire auditorium went a long way towards proving this. The resolutions formulated which will organize and unite the progressive forces of this city as never before, and the liberal reform at Ottawa. But it showed more. It indicated that from the association of the city down to the private in the ranks of the liberals of Edmonton are to a man behind Sir Wilfrid Laurier and his colleagues at Ottawa, and thinking with enthusiasm in the cause they are fighting for right down to their finger tips. Every time the name of the great chieftain was mentioned last night cheers rose from all parts of the gathering.

Although the weather was such that it was much more inviting outdoors than in, and although there is no immediate election in sight, the audience was large. It was almost to capacity with liberals who apparently are one heart and soul, with the policies of the old and the new provincial parties. There were no dissenting voices, the meeting being held by a widely representative gathering of liberals, who, because they are liberals, have opinions of their own.

The prevailing opinion—in fact, as far as could be learned, the only opinion—was that the new officers are ones who will continue the work started last year, and that the scheme under which organization will be carried on during the year is thoroughly democratic in its nature.

New Organization Plans.
The letter received from the executive of the association as constituted last year, which was read by the chairman and unanimously approved, recommended as follows:

"That for the purpose of organization, the city of Edmonton (and the river) be divided into twelve districts, with a convenor for each temporarily, as outlined hereafter:

"That the officers of the central association be honorary president, president, vice-president, secretary, treasurer and an executive committee of from five to fifteen, the president of each of these associations to be a member of the central executive committee.

"That the basis of representation be that one member of the central executive committee for each district containing 300 or less liberal votes at the last provincial election, and one member of the executive committee for each 200 liberal votes in addition thereto, the second representative to be the secretary and the third the vice-president of the respective associations.

"That at the annual meeting the chairman select a convenor to call a meeting in each district for the purpose of organizing a liberal association, all meetings to be called within 30 days from the annual meeting, and in all cases the convenor as selected to consult with the secretary of the central association.

"In arriving at the date for the local meeting:

"That permanent headquarters for the central association be secured with as little delay as possible.

"That the executive committee be given power to deal with all questions coming to its attention prior to the next annual meeting.

"That all holders of wholesale and retail liquor licenses, and all managers of clubs be considered not eligible as officers of the central association.

"That the civil servants of the provincial and dominion governments be also considered ineligible for office in the central association.

"In addition to the letter it was also recommended verbally that three days notice of the primaries be given through the newspapers, and that the primaries be held in all the districts on the same night.

WAS SUBJECT TO SEVERE BRONCHITIS.

Doctors Only Give Temporary Relief.
Dr. Wood's Norway Pine Syrup CURED HIM.

Brochitis is generally the result of a cold caused by exposure to wet and inclement weather, and is a very dangerous inflammatory affection of the bronchial tubes. Neglected brochitis is one of the most general causes of death, and is cured at once by the use of Dr. Wood's Norway Pine Syrup.

Mrs. C. G. Irving, Hamilton, Ont., writes: "Our little boy has been subject to severe brochitis ever since birth, and different doctors called but he was only able to relieve him temporarily. A neighbor advised us to use Dr. Wood's Norway Pine Syrup, so I got a bottle, and after the third dose noticed a decided change, with all the coughing and sneezing were enough to completely cure him. Now we always keep a bottle on hand, and when he gets a cold, we give him a little of it, and he is cured. It is just as good as I say."

Price, 25c and 50c a bottle. Be sure and get the genuine "Dr. Wood's" when you ask for it. Put up in a yellow wrapper, three pine trees the trade mark, and read the name of T. Milburn Co. Limited, Toronto, Ont.

thought there were hundreds more deserving of it than he. There was no doubt the new organization was being democratic lines and there was room for every one to take part. If they could not do this, what was the use of the organization? He himself was willing to spend his time in the cause, and he had three able vice-presidents to help him. He was willing to be able to show something done at the end of the year, not only in Edmonton, but throughout the province, and in all the constituencies along similar lines.

Garipey Speaks Eloquently.
So enthusiastic was the meeting that it brought Hon. Wilfrid Laurier back to 1885, when he attended the first liberal convention in Edmonton. Less than 18 months afterwards, said the minister of municipalities, the liberal flag had flown triumphant from one end of the dominion to the other, and he believed that the same result would follow this meeting. He was doing things for Canada, and as a student of events in the past, he was sure that Sir John A. Macdonald never would have been able to bring about confederation without the aid of the liberals. Now and then, who had buried their party differences in order to help Sir John the patriot of 1885 who had fought in both Upper and Lower Canada were not ancestors of the divisions of the Garipey mentioned several instances of shabby treatment during the last 28 years of the dominion, showing that their whole history proved their incapacity and unwillingness to do anything for the west especially. He also quoted R. B. Bennett's utterances against the building of the C.N.R. G.T.P., and the roads to the north, and did not believe the Tories could face the citizens of Edmonton at the next election, for they did they would surely not be endorsed.

Laurier Better Than Ever.
A resolution moved by Alex. Stuart, K.C., expressing confidence in the opinion of the meeting, was carried unanimously. The resolution stated that Sir Wilfrid Laurier was leading the liberals in the house of commons probably with more success than in power or opposition.

A report of the meeting, however, by means of mention of Turner's orchestra and the Douglas quartette, both of which performed much better than average. Better choices could hardly have been made for the entertainment of the meeting.

The Election of Officers.
A noteworthy feature of the meeting was the very great harmony which prevailed during the election of officers. The meeting was presided over by the chairman, who stated that the auditorium was filled with liberals from all parts of the city and representing possibly every element in the party. All the officers were filled without contest, and in only two cases were there more than one name nominated, in both cases the nominees withdrawing after promising the greatest support in any and all circumstances.

Those chosen to lead the forces of liberalism in Alberta's capital city, north of the river, for 1914:

Honorary president, Sir Wilfrid Laurier, Hon. A. L. Sifton, Hon. Frank Oliver, Hon. C. W. Cross, Hon. Geo. P. Graham and Hon. A. G. Mackay.

President—Alderman Geo. Driscoll. First vice-president—William Macrae. Second vice-president—W. J. Macrae.

Third vice-president—Joe Dechenne. Secretary—Irving B. Howatt. Treasurer—W. J. Melrose.

The meeting was presided over by the chairman, who stated that the auditorium was filled with liberals from all parts of the city and representing possibly every element in the party. Bad Luck

Is a poisonous and dangerous function. It affects every organ and function and brings about that low condition that predisposes to all diseases, and makes pure blood.

HODD'S SARPASILLA corrects it, and makes pure blood.

his nomination was seconded among such enthusiasm that the crowd would not take in for that reason. No other names were put forward and the popular president of the Industrial association was elected president.

J. Landry's name was put forward in opposition to that of Joe Dechenne for third vice-president. He was elected by a vote of 25 to 15.

In accordance with the recommendation of the executive, which were adopted by the meeting, this year's executive committee was elected last night, but will be chosen by the local liberal associations to be formed in each of the 12 districts into which the city has been divided, thus giving the liberals of the city the greatest measure of home rule for organization purposes.

Districts and Convenors.
No. 1—Calder, bounded on the west and north by the city limits, on the south by Alberta avenue and on the east by Tenth street. Convenor, J. N. Neudary.

No. 2—East of Calder, bounded on the north by the city limits, on the west by Tenth street, on the east by Alberta avenue and on the east by Murray street. Convenor, Dr. A. J. Campbell.

No. 3—North Edmonton, bounded on the north and east by the city limits, on the west by Murray street, and on the south by Alberta avenue. Convenor, J. Wilson.

No. 4—Hilda, bounded on the north by H. Parke, on the west by the city limits and to the west of the Exhibition grounds, between Alberta avenue and the Hudson boulevard. Convenor, J. H. Hughes.

No. 5—All west of Twenty-first and south of Alberta avenue. Convenor, Alex. Stuart.

No. 7—Between First and Tenth streets, south of the C.N.R. tracks. Convenor, R. V. MacCosh.

No. 8—East of First street, between Tenth and Twenty-first streets. Convenor, A. Harbington.

No. 9—The riverdale, bounded on the north by the city limits, on the west by the city limits and on the south by the city limits. Convenor, E. Pudo.

TO THAT PARTY REPRESENTATIVES OPPOSE IS WISH

But Wilson Is Insistent That Free Tolls Shall Be Legislated Out.

EFFORT MAY BE MADE TO BRING COMPROMISE

Plan is to Exempt Only Ships Exclusively Engaged in Coastwise Trade.

Washington, Feb. 17.—The matter of repealing the clause in the Panama canal treaty of August, 1912, which exempts American coastwise vessels from the payment of tolls when passing through the canal was the subject of conference in the White House last night by President Wilson, Representative Underwood of Maryland and Hon. J. M. McKim.

Following are those who were present at the conference: President Wilson, Representative Underwood of Maryland, Hon. J. M. McKim, Hon. C. W. Cross, Hon. Geo. P. Graham and Hon. A. G. Mackay.

The meeting was presided over by the chairman, who stated that the auditorium was filled with liberals from all parts of the city and representing possibly every element in the party. All the officers were filled without contest, and in only two cases were there more than one name nominated, in both cases the nominees withdrawing after promising the greatest support in any and all circumstances.

Those chosen to lead the forces of liberalism in Alberta's capital city, north of the river, for 1914:

Honorary president, Sir Wilfrid Laurier, Hon. A. L. Sifton, Hon. Frank Oliver, Hon. C. W. Cross, Hon. Geo. P. Graham and Hon. A. G. Mackay.

President—Alderman Geo. Driscoll. First vice-president—William Macrae. Second vice-president—W. J. Macrae.

is among those who believe the proposed repeal would be a mistake. Mr. Underwood is also concerned over the fact that a determined effort by the president to bring about the repeal legislation will cause a break in the democratic ranks on the house side of the capital.

It is likely an effort will be made to compromise the free toll question by amending, instead of repealing the clause in the Panama Canal act, to which President Wilson takes exception. As originally proposed, this would read that freedom from the payment of canal tolls should be given to American vessels "exclusively" engaged in the coastwise carrying trade. It is now asserted that the word "exclusively" was eliminated from the clause because it was regarded as superfluous.

The British government in one of its efforts to protect against the free toll provision, indicated that the exemption of American vessels would not be acceptable or in violation of treaty rights if it could be made to apply only to American merchant ships and not engaged exclusively in the coastwise trade. From what was said today, it is probable that the democratic side in congress will endeavor to make an arrangement which the proposed legislation take the form of a bill so amending the clause as to provide only that American vessels that are engaged "exclusively" in coastwise trade shall receive the benefit of the repeal of the Panama Canal act.

Contention of British.
According to the understanding here among some of the democratic side, the British contention exemplified in that under the present law American vessels need not pay tolls for a cargo, drop a small portion of it at an American port, without being obliged to proceed to an American port on the Pacific coast by way of the Panama canal, without being obliged to pay tolls for the canal passage. It is contended that if the word "exclusively" were inserted in the free toll provision of the Panama Canal act, such a vessel, in order to obtain the toll exemption would not be permitted to engage in trade with any foreign country.

AMICABLE ARRANGEMENT IS PROMISED TO GIVE MANCHESTER UTILITIES

Because the petition for extension of the water main south as far as the city limits and to Manchester to serve the Edmonton Leather and Shoe factory, the water main south as far as the city limits and to Manchester to serve the Edmonton Leather and Shoe factory, the water main south as far as the city limits and to Manchester to serve the Edmonton Leather and Shoe factory.

The building at the corner of Main street and White avenue, owned by John Walters and formerly occupied by Douglas Bros. is no longer fitted for business and the plan to build a large block on this corner and the work will probably be started during the coming spring. The building is now occupied by McDonald & Co. who will run a department store. They are at present doing business in the building, but will be moved out of it as soon as necessary to remove it to make way for the new structure.

PLAN BUILDING OF DEPARTMENT STORE ON THE SOUTH SIDE

IF CATARRHS SPOILED YOUR HEARING GET CURED O-DAY BY CATARRHZONE

Dont Stay Deaf Any Longer—Follow Proceession—Use Catarrhzone.

Nine cures in ten of hard hearing are curable. By curable we don't mean relievable—we mean that the nervous hearing can be permanently brought back. Catarrh usually causes the deafness. Cure the catarrhal condition and you remove the cause of your poor hearing. If you were sure you had catarrhal deafness you would use a real cure at once—of course you would.

There is a cure for you—one that is inexpensive—pleasant to use—and sure to do its work thoroughly. Thousands before you have cleared Catarrh out of their heads by the use of Catarrhzone and have thereby been cured. No batteries or miniature telephones to bother you—no internal medicine to take you have simply to follow special directions for the Catarrhzone Inhaler. Do this and you'll find a wonderful improvement in short order. Catarrhzone, or you can get for \$1 secure it post paid under plain wrapper from the Catarrhzone Co., Kingston, Canada.

SAYS PREFERENCE FOR COLONIES IS COMPLETELY PRACTICABLE

Tariff Reform Amendment in English House De-feated by 74.

COMPLETE FREE TRADE WITH CANADA IS IDEAL

Solicitor General Thinks Every One Should Strive for That End.

London, Feb. 17.—The tariff reform amendment to the address was defeated by a majority of 74. Captain C. C. Tupper, unionist member for Brighton, advocated imperial preference as far as is practicable without imposing free duties on imported foodstuffs, and by admitting colonial imports at a lower rate than foreign goods. He would impose a preference value duty up to 10 per cent. on foreign manufactures.

Mr. Stanley, Buckmaster, solicitor-general, said such a policy of imperial preference was one that could not exist. He would impose a preference value duty up to 10 per cent. on foreign manufactures.

MANY MEMBERS IN FAVOR OF DIVORCE PROCEDURE CHANGE

Question Shelves as Matter Based Largely on Rules of Senate.

MAY NOT BE HEARD OF AGAIN DURING SESSION

Railway Bill Held Over for Consideration in View of Company's Attitude.

Ottawa, Feb. 17.—A resolution moved by Mr. Montagu, Kest. Hadam calling upon parliament to change the existing procedure in regard to the granting of divorces was shelved for the present this evening.

After it had been discussed for three hours, Mr. Harbord (Victory) moved by way of amendment for the appointment of a select committee of seven to consider the matter.

Senator Harbord was inclined to view this proposal with some favor. He points out, however, that as divorce procedure is laid down in the rules of the senate, the committee would have to include members of both houses. He therefore moved the adjournment of the debate. It is not likely that anything more will be heard of the matter. There are many members of the house who are opposed to change in the present procedure. These include Hon. C. J. Doherty and Sir Wilfrid Laurier, who were in agreement as to the non-desirability of making any change.

The afternoon sitting was taken up with a discussion of railway bills. There was a long discussion in connection with the proposal to give the railways only one year in which to commence a line for which a charter has been granted or renewed. The case in point was the C. P. R. Calgary and Edmonton railway bill into which such an amending clause had been inserted by the railway committee. The company says that if the amendment is insisted upon the bill will be withdrawn. All the members appeared to be in agreement as to the wisdom of early construction but there was a division of opinion as to whether or not the cutting down of the time from

LABOR MEN NAME FAIR WAGE OFFICER FOR THE PRAIRIES

Ottawa, Feb. 17.—H. Hood, of Winnipeg, has been appointed fair wage officer for the three prairie provinces and the cities of Port Arthur and Port Williams, while the labor department has made the appointment it has not yet formally been notified. Meanwhile Mr. Hood has been notified to begin his duties and his salary will date back to December.

Formerly there were but two fair wage officers in the employ of the labor department, and both of these were stationed at Ottawa. One of these has been stationed at Vancouver where he is now stationed. Three more have been appointed, two of them being stationed in Ontario and one at Winnipeg. Another will shortly be appointed for the maritime provinces.

Two to one year would have any practical effect.

The discussion was marked by a warm exchange of views between Mr. MacDonald, Meiton and Mr. Bennett, Calgary.

At the end of the request of the premier, James Douglas, the bill was held over for consideration at a later date. In view of the attitude of the railway, Mr. Douglas will attempt the similar to get more information on the policy as well as to learn more about the policy of the department.

GRAND TEMPLARS ELECT OFFICERS AT CONVENTION

(Continued.)

C. P. Fairbanks, Brother C. E. Quinn, Brother Peter Long and Sister Fairbanks, of the West No. 6, Edmonton—Brother Audley and Brother Kise. Fourteen members of the order took the grand lodge degree at the morning session. The following were initiated: North Star Lodge No. 3—Brothers Sandberg and Wickham, Sister Walberg; Hope of Calvary, Brother No. 8; Free; of the West No. 6—Brother W. E. Rudder; Hope of Northwood No. 8; Brother A. C. Donald; Namany Pioneer No. 9; Brothers Rev. P. S. Parrot and H. G. Reform; Lodge No. 12; Brother E. W. Whittle, M. L. Brown and J. S. Johnston; Hope of Leithbridge No. 14; Brother J. D. English; Calvary Central No. 15; W. H. Rucroft, on a temporary basis; Brothers L. D. McKay, C. W. Gough and E. J. Taylor; Penn No. 16; Brother M. J. O'Connell; No. 17; Sister M. L. Patterson; Calvary No. 18; Brother Rev. W. J. Laidlaw; Laidlaw No. 22; Brother M. Sullivan; Calvary No. 23; Brother Rev. P. G. Atkins.

Committee Reports Presented. At the evening session a number of committee reports were presented only one of which was adopted and submitted by the state of order committee. The others were left over and are being discussed to day. Brother W. T. Patterson presented his report and conducted the ceremonies in connection with the installation of the new officers.

DETECTIVE SMITH HAS RESIGNED; HAS SECURED POSITION ON RAILWAY

O. G. Smith, who has been a detective on the local force for the past three years, has today resigned his position of Police Liaison. Smith has not a better position on one of the railways, and will take up his new job at once.

Alberta College Concert. A grand concert is announced by the Alberta College Club at the McLaughlin Methodist Church on Tuesday evening, February 24th. The program will consist of a number of male choruses by the club, assisted by the following artists—Miss Elliott, soprano; Mr. Herbert Chadwick, tenor; Tom Gardner, violinist; Miss Bell, the building department, conductor. This is the first concert of its kind held in Edmonton for some time. Popular prices of admission is twenty-five cents.

Blaze in the Monton.

At about twelve the fire department responded to an alarm sent in from the Monton case on Jasper avenue, between First and Second street. The woodwork back of the big ranges in the kitchen began to smoke, and it was thought that the fire underneath might be on fire. The firemen pulled one of the ranges out of place and cut up a small piece of the woodwork in the kitchen before the smoldering woodwork which was causing the smoke was reached.

Edmonton Engineering Society. A regular meeting of the Edmonton Engineering society will be held on Thursday at 8:30 p.m. in the physics lecture room at the University of Alberta, basement, room 104. H. P. Christie, assistant city engineer on bridges, will deliver a paper, illustrated with views on the new bridges across the Saskatchewan at Edmonton.

South Side Post Office. Work on the tower of the south side post office was resumed yesterday. The masons were at work on the roof which is replacing the old one, part of the building erected in 1904, and which was taken down some time ago. The building will have a much better appearance when the new tower is added to the exterior have been completed.

Dr. Montgomery in City. Dr. Montgomery, who is so well known to many Edmontonians, was in the city last night from Montreal where he has been spending the past few months. He was seen only at the city and may go further north for a short time before leaving again for the coast.

IF BACKACHE OR KIDNEYS BOTHER Eat less meat also take glass of Salts before eating breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The kidneys become clogged; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, suffer from backache, sick headache, distended stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water, also get one of our pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water which you will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal action; and to neutralize the acids in urine, so it is no longer a source of irritation, thus ending backache, rheumatism, and all the ills that Salts is inexpensive, cannot injure, makes a delightful effervescent drink out of water, and every one should take now and then to keep the kidneys clean and active. Druggists here can tell you, and also the little bottle which believe in overcoming kidney trouble while it is only trouble.

Jasper Collins walks to the scaffold and he pays the penalty.

Calgary, Feb. 17.—Jasper Collins this morning paid the death penalty for the murder of John P. Benson. He walked to the scaffold at 8 o'clock and was pronounced dead by the fall physician 20 minutes after the drop was sprung.

Collins spent a sleepless night but was conscious when the death party called for him at 8 o'clock. He was able to walk to the gallows although when he reached the top of the stairs he was well nigh exhausted.

Collins told his spiritual adviser that he was prepared and believed that his crime would be forgiven. The noise was arrested and during the recital of the Lord's prayer the condemned man went to his death.

Holmes, the hangman, had not considered the emaciated condition of Collins, who weighed about 70 pounds it is not instantaneous, it being 20 minutes before life was pronounced extinct.

The coroners jury will sit this afternoon to render a verdict.

The crime which Collins expiated on the gallows this morning was the murder of John P. Benson, slain at Alberta, May 2, 1913. Benson and Collins came to Alberta from Timmer, Minn., last month, before Benson was hanged. Collins shot Benson and then fired his shot, renaming his victim. The motive of the crime was \$2,000 in cash, \$1,000 of which was recovered on Collins when he was arrested at Brainerd last August. The body was discovered in Brainerd and Collins made a confession to suspicious friends of the deceased man.

SAD CASE BROUGHT TO ATTENTION OF THE RELIEF OFFICER

A most pitiful story was unfolded this morning in the office of the city relief officer, when a young man applied to Mr. Turnbull for the immediate necessities of life. A few months ago this man landed in Edmonton with his young wife and was persuaded to take a shack for six months. This man came to do and was paying his rent, but his wife was not well. At the end of the fifth month he was out of work and had little or no money, so he went to the owner of the shack and asked that he would be unable to pay for two weeks and then move out. At the end of the two weeks he left his wife and moved out into a tent that had been given to him by some friends, and placed his wife in a hospital. At the end of the month he was notified that he was to appear in court. In the meantime the owner of the shack had notified the police and the young man had the bailiff seize the goods, leaving only a bed and a stove. The subject part of the story is the young wife of the man is about to become a mother. As soon as the case came to the notice of the relief officer he investigated and gave the necessary relief.

In conversation with a Capital reporter Mr. Turnbull stated that he had one of the many pathetic cases that are being brought to his notice, thus is one of the worst cases that he has seen in his office.

While the case was being brought to his notice, thus is one of the worst cases that he has seen in his office.

While the case was being brought to his notice, thus is one of the worst cases that he has seen in his office.

NARROW ESCAPES AT TRAIL OF FIRE

Roof of Store Collapsed When Firemen Were Fighting Blaze.

DAMAGE ABOUT \$100,000.

Had Fire Occurred Few Minutes Later All Girls Would Have Been Working.

Hamilton, Feb. 17.—Damage to the property of the Hamilton fire department was about \$100,000 when the roof of the four-story building of the H. McKay and Company, dry goods merchants, King street east, shortly before 8 o'clock this morning.

The work room would have been crowded with girls a few minutes after the fire was noticed. The flames were confined to the top floor but heavy smoke billowed up from the water tower poured through the building. Several firemen had narrow escapes when the roof collapsed, and Lieut. Alex. Hendrie, who had his life when he slipped on the icy roof of an adjoining building. He slid 20 feet and just managed to grasp a window ledge as he was going over the edge of the roof, five stories from the ground.

On account of the unusually large amount of smoke and intense heat coming from the United States to Canada via the Canadian Northern this spring, the Canadian delegation to the Empire Exhibition, which is being held in London, every Friday morning at 7:00 and leave for the east the same night at 9:40. Enquiries regarding western Canada, particularly central and northern Alberta, are coming in to C. N. R. agents more numerous than ever this year.

New Arrivals of Spring Merchandise in our Mantle Section

The new suits in plain tailored or novelty styles come in a great number of beautiful materials and colors. The leading shades are Tango, Copenhagen, Marine and Electric Blue, Lime, Wisteria, also Black, White Checks and Plaids.

These colors made up into becoming styles are finding great favor among the wearers of fashionable and well made cloths. Sport coats in the half and three quarter lengths are the correct thing for Spring. These come in several materials including the new waffle cloth, striped ratine, and large broken checks. The sleeves are mostly on the Kimono lines and have cuff of contrasting color. This season's promises to be one where the most vivid colors may be worn. The new styles from New York and Paris just opened up discloses all the new colors and shades, such as Flame, Copper, Tango, Tan, Light Brown, Hunter Green, Scarlet, Electric Blue, Copenhagen, and many others. Our showing is now quite extensive and a visit to this section would be a pleasure both to you and ourselves.

HUDSON'S BAY COMPANY

WALLACE NESBITT TROPHY WON BY FIRE TEAM OF WINNIPEG

Ottawa, Feb. 17.—The result of the contest for the Wallace Nesbitt trophy was announced from the offices of the Canadian branch of the St. John Ambulance of this morning. The winner of the trophy is the team of the Winnipeg fire brigade, the Victoria, B.C., fire team, being the runners up. Next in order were the Vancouver police, Kamloops, Centre Division No. 2, 94, John Ambulance brigade, Toronto, west, Toronto division No. 10, St. John Ambulance brigade, Toronto, Port Arthur, Ontario, and the St. John Ambulance, Wellington, the St. John Ambulance, Montreal, and the St. John Ambulance, the Ascension, Montreal.

The trophy will be held by the Winnipeg authorities for the year. Gold stock pins will be presented to each member of the Winnipeg team by the Canadian branch.

London, Feb. 17.—The Archbishop of Canterbury, the bishop of Exeter, the bishop of the Yukon and Mrs. Stringer, now in England, to meet the king and queen at dinner at Lambeth Palace.

TRADE POLICY LIES IN HANDS OF THE WEST

By the bill of which the government has given notice, the house of commons, after the expiry of the term of the present parliament, will consist of two hundred and thirty-four members. This will be an increase of thirteen over the number in the present parliament. As represented now and as they will be after the next election, the provinces will send to the elective chamber at Ottawa the following members:

	Present.	Proposed.
Quebec	65	65
Ontario	86	82
Nova Scotia	18	16
New Brunswick	13	11
Prince Edward Island	4	3
Manitoba	10	10
Saskatchewan	10	12
Alberta	7	16
British Columbia	7	13
Yukon	1	1

This arrangement, if carried out, as it probably will be, gives the west 22 new members, or 57 all told in a parliament of 234.

As every other province, except Quebec, which is static, loses members on the redistribution, the eventual outcome is not difficult to apprehend.

The next redistribution will, in all probability, place the policy-making power of either or both the parties in the hands of the west. Even as it stands now, the determination of the dominion's policy upon trade matters must lie with the west at the time of the next election.

RANCHES TOO SMALL UNDER NEW REGULATIONS

There will be grave doubt in the minds of Alberta people as to the wisdom of the decision of the dominion government in the matter of the ranching leases.

The new regulations, in brief, limit ranching leases to a half section and in cases where a number of farmers desire to use vacant land in common the crown land will be held as commons for the use of all.

Such regulation, were the country all farming country, would meet the requirements, most especially the provision for grazing commons open to all farmers. If such regulations applied to all vacant land, as well as to crown land, they would be even better.

But in the province of Alberta there are large sections of country which are essentially grazing country and either on account of too great altitude, too little rainfall or for topographical reasons, cannot be made farming country. In such districts a ranch limited to 320 acres, and which the rancher is required to fence, is altogether too small. The stockman who would attempt to establish a household and get a living for himself and family out of the proceeds of the stock that could be raised upon a half-section of dry land or foothill land would be inviting poverty and disaster. To all acquainted with the practical side to the grazing business it must be apparent that to rigidly adhere to the regulation which limits ranches to 320 acres will be to put an end to the grazing business altogether in large sections of country which might be made productive were leases given for a larger area.

AN ATTEMPT TO CONVEY A FALSE IMPRESSION

The Journal quotes the Montreal Gazette for the purpose of intimating that ex-Chief Carpenter was charged with corruption in his administration of other police affairs of the city.

The idea which the Journal is attempting to convey is entirely aside from the facts. In all the discussion of the affairs of the police the reason given for the dismissal of Ex-Chief Carpenter has been, not that he was corrupt, but that he was inefficient in the capacity of police chief. Those who came demanding that he be retained because of his remarkable ability as a police chief very quickly dropped that demand when they discovered that he had been weak enough to permit and abet the attempt to hide the theft of \$340 from the police safe. The anxiety of the people behind the petition has since been to shift the discussion from the question of Ex-Chief Carpenter's ability and to make it appear that the commission board, in removing the ex-chief, was actuated by some sinister motive, either to hide corruption or to perpetuate a reign of corruption.

The Journal not only realizes this, but is a party to it. But lacking the effrontery to make a direct statement which it knows carries a false impression, it goes to the other side of the continent to find in a newspaper which is altogether unfamiliar with the situation an excerpt which conveys the same idea.

BRITISH MARINES IN MEXICO.

The fact that British marines are being sent to the city of Mexico in civilian clothes is being interpreted by dispatch makers to mean that the British government, having tired of waiting for results from the Wilson policy, intends to take a hand in Mexican affairs, but there is another interpretation which is altogether more probable.

If the British government had reason to apprehend that the Huerta regime was on the eve of collapse, it would be very likely to do just what it has done; send as unostentatiously as possible a sufficient force to protect its own people when the break up of what authority there is came to pass.

Such an action would not be expression of antipathy toward the Wilson method, but rather the reverse.

HER LITTLE SON WAS DYING

Save Him "Fruit-A-Lives" And Save His Life.

CANADIAN LIVES, Oct. 15, May 3, 1913.
 Our little boy, Lawrence, was severely affected with Chronic Indigestion, and the doctor did not think he would recover. He started with a sore mouth and it developed into this other trouble. Everything he ate just passed right through the system without change. He cried incessantly and life was a misery to him. My husband had been using "Fruit-A-Lives" for Indigestion, getting much benefit from them, and I thought that did him good, mighting our boy. We tried "Fruit-A-Lives" giving Lawrence a tablet at a dose, and the result was marvellous. Today he is the picture of health, and he is perfectly well.

Mrs. J. VANPHELE.
 See a box, 5 for \$5.95, trial size, 25c. At all dealers or from Fruit-A-Lives Limited, Ottawa.

CORRESPONDENCE

(The publishers of the Edmonton Capital again feel it necessary to explain that they take no responsibility for the views or letters sent to the editor. Letters will not be published unless name and address are given for publication.)

Car Floor Suggestion.

To the Editor of the Capital:
 I feel convinced your public spirit will grant me space for this one very justifiable "kick," grumble, or complaint, viz.: Why should all those narrow hardwood sills run up and down instead of across the car floors, thus providing a foothold? Why shouldn't conductors have a brush to sweep down, and inside floor for four or five feet long? Why do so many cars suddenly withdraw? Why did I take passenger travelling from St. John's to Halifax after changing cars, over an hour and a half to reach Sydney avenue? Why so many cars with overhead leather straps to catch on, and support myself. When the conductor's attention was drawn to me, he remarked: "Oh! there's no 'horse' or common sense in having such a floor, but there is in the town 'that's different'." He said someone should write to the press.

R. MacWHINNIE.
 Edmonton, Feb. 16.

FIRST THINGS

Chautauqua.
 The first to suggest the scheme which resulted in the organization of the Chautauqua Literary and Scientific Circle was Lewis Miller, an inventor and philanthropist of Akron, O., who was the leader in outlining the plans and promoting the institution for carrying culture and instruction to the masses. The organization was completed at Chautauqua, N.Y., in 1878, with Mr. Miller as president of the association, and his able assistant, the Rev. Dr. John H. Vincent (afterward a devoted helper of the Chautauqua cause) as secretary. From a local institution the Chautauqua circles quickly spread over the United States, Canada, and later to Great Britain, Japan, India, South America, South Africa and Australia. Some of the greatest minds of America—including, it is hardly necessary to state, the Hon. William Jennings Bryan, secretary of state—have lectured from Chautauqua platforms. In addition to the courses of lectures and the students' sessions at Chautauqua, the society, through its publications and home study courses, has accomplished an important work in encouraging education.

ARE YOUR HANDS ROUGH & CHAPPED?

One thorough application of Zam-Buk at night will bring ease to smarting, Zam-Buk stops the smarting, heals the cracks and makes the hands smooth.

Mrs. A. F. Phillips, of Ayer's Cliff, Que., says: "I suffered terribly from chapped hands. Sometimes I almost cried with the pain and smarting. Zam-Buk was recommended and it gave me ease almost as soon as applied. Now my hands are quite smooth."

Also use Zam-Buk for all skin eruptions, sores, piles, etc. Burns and scalds. Price, 50c. per all drug stores.

TODAY'S BIRTHDAY PARTY

His Honor, George Hedley Vicars, Lieutenant-governor of Alberta, is observing his fifty-fifth birthday in the splendid new residence at Edmonton. His honor, which has recently been completed, is a fine example of modern architecture. He now resides in the close of his second term as lieutenant-governor of the province, and the past year will probably be his last in private life. Like many of Canada's public men he was originally a school teacher, having acted as principal of a school in his native province of New Brunswick thirty-five years ago. For the past thirty years he has been residing in Western Canada, engaging first in business and later devoting his attention to government. He held office in the government of the Northwest Territories and in 1913 was appointed commissioner of the Yukon Territory. He became lieutenant-governor of Alberta on its creation into a province in 1905.

Secretary, House, Cabinet "Baby," Forty-eight Today.

After a service of thirty years as Uncle Sam's secretary of agriculture, the Hon. James Wilson was deluged last March with the offer he had occupied so long, and Prof. David Franklin Houston, of Missouri, moved to the capital, where he had been in this apparently homeless nation. With a Wilson in the White House, another in the cabinet, in the person of the secretary of the Interior, there were enough Wilsons in Washington government circles. Another reason was that the Hon. James Wilson was a Republican, while Prof. Houston was a Democrat. So it happened that the former chancellor of Washington University, St. Louis, Mo., will celebrate his forty-eighth birthday today as a member of the president's official family.

Secretary Houston is the "baby" of the cabinet, although he is only a difference between his age and that of Secretary of Commerce Radford, aged forty-five, who is in the patriarch. Mr. Houston has long been prominent as an educator, but he has never played a part in the politics of the United States. His latest move has been to start an official investigation into the high cost of beef, and he has appointed a committee to look into the matter. The investigators will follow the steer from the farm or ranch to the consumer, and will inquire into the questions involved in the production, transportation, slaughter and marketing of the animal. His investigation is married and is the father of three children. He was born at Monroe, N.C., Feb. 17, 1866, and was educated at South Carolina College and Harvard. He was president of the Agricultural and Mechanical College of Texas and of the University of Texas for several years and afterward became chancellor of Washington University at St. Louis.

One of the most interesting biographies ever written is that of Samuel Sidney McClure, the magazine editor and publisher, which has just been published. The story of the rise of Mr. McClure from an Irish country lad, as poor as the proverbial child of mouse, to a wealthy and successful publisher, reads more like the imagination of an Olympic athlete than the real life, yet it is by no means exceptional. Mr. McClure was born fifty-seven years ago today in a little cottage, the typical home of an Irish workman, was the first stage setting of his successful career. Mr. McClure gives to the readers of his autobiography a true and accurate picture of the life of the poor in the Ireland of half a century ago. He asks us to believe—and with such sincerity that we do believe—that as a boy he delighted to go to school, and was smitten with sorrow when vacation time arrived. The death of the father brought an untimely poverty, as well as tragedy, to the family, and the mother decided to emigrate to America, where she had relatives. As a boy in the middle west the future millionaire worked at all sorts of jobs in order to gain an education.

After some years of journalistic experience, he laid the foundation of his future fortune in 1884, when he founded a newspaper syndicate which supplied the work of many famous authors to a chain of American newspapers. As a syndicate editor, Mr. McClure discovered many young writers who have since won international fame in literature. In 1893 Mr. McClure founded the magazine which bears his name, and has made it one of the best known and most profitable publications of its kind in the world.

New York City's 400 Chinese Christians will celebrate the anniversary of the organization of the only Chinese church east of the Mississippi. The only other organized Chinese Christian church in America is in San Francisco. The New York church was founded in 1868, in Worth street, and for thirty years was supported by the Fourth Avenue Presbyterian church. Since 1898 the Chinese Presbyterians have been under the wing of the New York Presbytery. The average attendance each Sunday is about 150.

According to data recently made available, the foreign trade of Ecuador for 1912 amounted to \$24,370,722, or \$502,251 less than for 1911, and \$644,176 above the average for the previous five years.

According to Professor Schwalbe's medical directory for Germany for 1914, the number of physicians in Germany in 1912 was 74,136. Compared with the population, 62,825,000 this gives 5.11 physicians per 10,000 inhabitants.

HOW TO POP CORN

It is done in different ways, but the most approved method is to pop your corn with Putnam's Corn Extractor—corn pop out for fair, and stay out, too, when removed by "Putnam's." Try this painless remedy yourself, 25c at all dealers.

TODAY IN DOMINION HISTORY.

While the treaty of peace between Great Britain and the United States, ending a long war in which Canadians were vitally interested, was concluded at Ghent, Belgium, on December 24, 1794, it was not until the ratification of the treaty until February 17, 1812, just 99 years ago today. The peace treaty reached New York on February 11, on the British ship-of-war Favorite. The terms arranged were not at all satisfactory to the vast majority of the people of the United States, and little more so to Canadians, since many vital subjects were not included. These were left to subsequent negotiations, which on several occasions almost brought the peace between the two nations to a state of war. For many years after the conclusion of the treaty which was destined to usher in a century of peace between English-speaking countries, the boundaries between the United States and British America were in definite and a source of trouble, but, happily, all these disputes were decided without recourse to arms, although Canada lost much valuable territory in the process.

February 17 is the birthday of Cardinal Eliezer Alexandre Taschereau, of Quebec, at St. Marie de la Beauve, P. Q., 1820; and of the late Gilbert Howard MacIntyre, banker, member of parliament and deputy speaker at St. Mary's, Ont., 1852. On this date in 1870 Major Boulton and 47 others were captured by Riel and his rebels, and Boulton was court-martialed and sentenced to be shot, but was eventually pardoned by the leader of the provisional government.

Strathcona

So pass, O peaceful warrior to thy rest;
 One gentle step from service to long sleep.
 And then are with the memories that keep.

A nation stands loyal to the best
 Her hero's sons have by their lives
 Confessed.

And through Mount Royal and St.
 Lawrence west
 Their sorrow to the Rockies; echo—
 Not sleep.

Still, still he guides, whose hand
 Unlocked the west.
 How youth amid the snows
 Of the north, and in the south,
 Nerved him, one man—one man
 Yet a host—

To toll ill from the Atlantic sea-board
 Out to the far Pacific's kindly coast
 He line he flung, and with that
 Band of steel
 Forged a Dominion's and an Empire's
 Weal.

J. D. SWON.
 P. M. Ball Gazette.

TODAY WE CELEBRATE

"Bruno Day" Celebrated By the Radicals of Rome Today.

"Bruno Day" will be celebrated in Rome today by religious, political and economic radicals of all kinds, commemorating the anniversary of the burning of Giordano Bruno, on Feb. 17, 1600. Some years ago a statue of the philosopher was erected in his honor, called by his admirers "The first martyr to free thought," was erected in the Eternal City, near the Vatican, and ever since the anniversary of his tragic death has been celebrated, with parades to the monument and fiery orators. European freethinkers have adopted the year 1600 when Bruno paid the penalty of his heresy, as the beginning of a new era, called E. M. and signifying the Era of Man. This new calendar has gained a few adherents on this side of the Atlantic, but has never been generally adopted, even by agnostic publications. Thaddeus Burr Wakenam, the distinguished lawyer, positivist and educator, was the leader in the movement started some years ago to induce American freethinkers to adopt the new reckoning, but the project was a failure.

Although Bruno's heresies were mild and innocuous in comparison with the freethought of today, he was one of the boldest and most independent thinkers of his age. He was born in Udine, Italy, and was educated in the priesthood. He entered orders, Dominican order, but his religious doubts, and his criticisms of the monastic order, compelled him to leave his monastery and Italy. He went to Geneva and embraced the doctrine of Calvin, but there, too, he found that doubt and free discussion were not in favor. The "Horns of Calvinism," where Servetus had been burned for heresy, offered no safe refuge for such a man as Bruno, and after two years, he went to Paris.

In the French capital the first of modern freethinkers began the development of a philosophy, which, while not antagonistic to religion as we know it now, was then considered the life of boldness. His lectures on philosophy and science, which were attended by his friends and followers, but also bitter enemies in high places. For such a man, to be in France was to be in a state of siege, although his next stopping place, England, offered a larger measure of hospitality than he had received elsewhere. Sir Philip Sidney and other famous Englishmen of the day became the friends of the Italian philosopher, and the two years Bruno spent in England were perhaps the happiest of his life.

Back in Paris, Bruno resumed his lectures, and later visited and taught in various towns in Germany. His heart hungered for his native Italy, and in 1600 he returned to Padua and then to Venice. There he preached and taught, and there powerful foes soon determined to suppress his teacher and teachings. The fingers of fate closed upon him, and he was borne off to Rome, by order of the Inquisition. After two years in prison, he was convicted as a heretic. No torture could make him recant, and, calm and

Do you Believe

In going straight to the weak spot in treating disease? If so, you will never use anything but Peps for coughs, colds, bronchitis, and throat and lung troubles. Listen why!

Peps are tiny tablets, which contain rich medicinal ingredients, so prepared that they turn into vapour in the mouth, and are breathed down to the throat, the breathing tubes and lungs directed.

Cough mixtures go—not to the lungs and chest at all, but to the stomach. There is a absolutely no direct connection between stomach and lungs.

When you have a bad cold, your digestion is weakened. You lose appetite, and if a man, your usual smoke does not "taste good." In other words, your digestive system is lacking tone. All cough mixtures make this condition worse.

Don't ruin your stomach to heal your lungs. Take remedy that goes right to the spot—Peps.

Surprising how they cough, croup, catarrh, bronchitis, sore throat, "clergyman's throat," salina, and all lung troubles. Contains no poison, and are safe for children.

Dr. Gordon Stables says:—"If you wish to ease and end a cough, if you desire to loosen tickling phlegm, and clear the throat and dislodge loathsome mucus, use Peps. The pine lungs and balsam fumes, so beneficial in throat and lung trouble, which are liberated when a Peps is put into the mouth, also serve another good purpose. They are strongly germicidal, and germs of disease in the mouth, on the palate, in the throat, and in the breathing tubes, are at once destroyed by their action."

Have you tried this famous remedy? If not, cut out this article, write across it the name and address of this paper, and mail it with five stamps to pay return postage to Peps Co., Toronto. We will return to you a bottle of Peps. All drug stores and stores sell Peps at 50c. box.

WHAT'S IN IT FOR YOU?

PEPS

BIG ATTENDANCE AT CONVENTION OF ODDFELLOWS

Local Men Among Those Elected to Office at Medicine Hat Meeting.

REPORTS SHOW A BIG MEMBERSHIP INCREASE

Dedicating of Fine New Home Was an Impressive Ceremony.

Medicine Hat, Feb. 17.—About 200 delegates from all parts of the province are gathered here for the monster Oddfellows convention, which commences the ninth annual session of the Grand Lodge of Alberta, the fourth annual session of the Rebekah assembly and the second annual session of the grand encampment. The sessions are being held in the spacious Oddfellows hall, which was completed during the last year. Streamers of greeting and flags are flying in all parts of the city.

The grand encampment and the Rebekahs opened their sessions Monday. The latter adjourning until Thursday. The grand encampment continued their sessions during the afternoon. E. C. Webber, fraternal delegate from British Columbia grand lodge, extended fraternal greetings. The reports of the grand patriarch and other officers showed a substantial increase in membership during the past year. Officers elected and installed for the ensuing term are:

Grand patriarch, M. S. Saunders, Calgary.
P. G. P., A. E. May, Edmonton.
G. P. P., M. A. Brimacombe, Vermilion.
S. W., D. Wilson, Edmonton.
S. S., H. J. Adams, Calgary.
Treasurer, G. W. Henderson, Calgary.
G. J. W. R., D. Doubl Coleman, G. representative; H. J. Adams, Calgary; G. Moore, E. E. Chandler, Wetaskiwin; G. L. Sent, R. L. Haskell, Edmonton; C. D. Sent, R. L. Haskell, Edmonton; C. D. Sent, R. L. Haskell, Edmonton.

Monday night's session was devoted to the dedication of the fine new home of the order in Medicine Hat, one of the most impressive ceremonies of the order.

Ask Freight Rate Increase.
Washington, Feb. 17.—Decision by the Interstate Commerce Commission on the pending request of the eastern railroads for an advance in freight rates probably will be made during the latter part of April. This was learned from an authoritative source last night.

Value of Pearls Declining.
Paris, Feb. 17.—That pearls are falling in value was shown at the jewelry sale yesterday, when a seven-strand necklace, containing 40 pearls, weighing 3,450 grains, sold for \$116,000, which is \$15,000 less than the expert valuation.

If constipated, bilious, head-achy, Stomach sour—Clean up to-night!

Get a 10-cent box to-night! You men and women who can't get feeling right—who have headache, tongue, foul taste and bad breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with sick stomach, disordered bowels, or have headache and feel worn out. Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salt, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gritty or sickening.

LESS DYSPEPSIA NOW—HERE'S THE REASON

The fact that there is less dyspepsia and indigestion in this community than in any other is largely due to the use of the extensive use of Beal's Dyspepsia Tablets, hundreds of packages of which we have sold. No wonder we have faith in them. No wonder we are willing to offer them to you for trial entirely at our risk.

Among other things, they contain Pepsin and Bismuth, two of the greatest digestive aids known to medical science. They soothe the inflamed stomach, aid pain, check heartburn and distress, help to digest the food, and tend to quickly restore the stomach to its natural, comfortable, healthy state.

There is no red tape about our guarantee. It means just what it says. We make no question. Your word is enough for us. If Beal's Dyspepsia Tablets don't restore your stomach to health and make your digestion easy and comfortable, we want you to come back for your money. They are sold only at the 7,000 Beal's Stores, and in three only by us. Three only by us. 10c and \$1.00. A. Archibald, druggist, 11 Jasper East.

IN THE CHURCHES

The liquor traffic and some of the social evils in Edmonton were the themes used by the pastors who occupied the Grace Church pulpit Sunday. Rev. Darroche preached in the morning and Rev. Thomas Powell in the evening. The evening discourse was based on the subject "If Christ came to Edmonton, What?" The licensed clubs were given some very severe criticism by the speaker in the course of his address.

The Metropolitan Methodist Sunday School had a record attendance Sunday afternoon numbering 287 as compared with 241 last Sunday and 213 on the corresponding Sunday last year. One of the features of the session yesterday was a chorus sung by the bell choir. The Rev. Mr. Bell gave a short but interesting historical sketch of the life of Abraham Lincoln, emphasizing some of the outstanding characteristics of the man as a boy.

Rev. J. E. Ducker, convener of the home mission board of the presbytery of Edmonton has concluded a visit to the city of Montreal, Quebec, and the St. Lawrence Valley, and will return to Edmonton on Monday. He will be in the city of Montreal, Quebec, and the St. Lawrence Valley, and will return to Edmonton on Monday.

The evangelistic services now being held in Macdonald Baptist Church were well attended Sunday, and inspiring sermons were delivered by the evangelist, Rev. Torrie. Rev. Torrie is gifted with a fine voice and sang several songs with wonderful effect. The subject announced for the meeting on the church tonight is "The Work of the Holy Spirit in Conversion."

Dr. Morton L. Rose spoke to a large audience Sunday in Dreamland theatre on the subject "The Future of the Nation." He is a native of the United States and his relation to present day social problems. Dr. Rose hails from the state of Washington and was one of the equal leaders in advocating the cause of equal rights for women and as the women are not enjoying their rights in this respect in the state, the doctor said, he could speak with some degree of experience along these lines. Dr. Rose has been invited to speak next to the evening on the subject "Paradise Lost and Regained."

Rev. Charles F. Potter, the recently elected pastor of the Unitarian Church in Edmonton, arrived in the city yesterday with his family and will arrive in the city on Friday. He will occupy the church pulpit next Sunday. The series of talks on "New Lessons From Old Books," were concluded yesterday morning by Prof. Alexander. These were most interesting, being based on the life of Jesus as recorded in the Gospels. Prof. Alexander has been filling the pulpit in the interim until the arrival of the new pastor.

The anniversary of Rupert Street Sunday school was celebrated Sunday afternoon when a large attendance was present under the most favorable weather conditions. Several musical and an interesting address by Prof. J. M. Miller of Tolbertson College formed part of a very interesting anniversary gathering of the school.

GOVERNMENT TRIES TO MAKE FARMING ATTRACTIVE TO ALL

Welling, Alberta, is not a metropolis; in fact, it is a small town. The majority of the people even of the province in which it is situated have never heard of it. But if all of the farmers and others, if any, in and around there use stationery and stationery, it will not be long before the name Welling will be emblazoned forth to a considerable portion of humanity. In other words, to everybody that chances to get a letter from that place, Mrs. Henington, the stationer, has written to the department of agriculture asking if they have issued any bulletins on stationery or fertilization. Her letter was handed to Mr. C. H. Hotchiss, publicity commissioner. He showed it to a Capital reporter, who said it was written on a letterhead specially printed for Mr. Henington, who is not satisfied with one merely printed, but has three engraved on his, along with his name and business, farming.

"I have always maintained," said Mr. Hotchiss, "that there is no reason in the world why farmers should not have business stationery as well as anybody else. Even if a farmer hasn't a flock of sheep like Mr. Henington, he can put a little fence around his house or he can show a patch of his crop, or a little calf or colt or something."

"These little things are what are making people get back on the farm in Alberta. The reason why so many young men leave the farms is because there is nothing particular to hold them there except what is in their own hands. They have the same things as city people have and still keep those things at any price. Settlements and relocation of early associations have made them restless. My father sold the place I was raised on in the country, Ontario, and I tried to buy it back for \$5 per acre more after I had taken a trip down east and seen it, but because I wanted a farm, but simply because I wanted that particular farm."

The Alberta government is doing everything in its power to make agriculture attractive, and if they succeed in doing so, it will be a great benefit to the people back to the land, even if they don't make as much money as they do in the city, they are making some other ways.

Calgary Increase Plant.
Calgary, Feb. 17.—The city commissioners have decided upon a comprehensive plan to increase the city's water supply, and will recommend the expenditure of \$200,000 on increased plant.

On Wednesday You Can Get Your Boy a Dandy New Spring Suit at a Reduced Price

The corresponding Wednesday of last year was a big day in the Clothing Department, and to surpass it tomorrow we have reduced the price on a big lot of boys' New Spring Suits. It's your opportunity to outfit your boy with new clothes at a substantial saving. We offer in this sale a variety of handsome tweed suits of medium weight fabric and attractive patterns. They are exceptionally well finished garments and come in two styles. Double breasted style coats for boys from 4 to 16 years of age; single breasted Norfolk coats for boys 4 to 10 years of age. These are our regular unsurpassable \$4.50, \$5.00, \$5.50 and \$6.00. Your choice on Wednesday at \$3.75

New Rich Effects in Drapery Fabrics for Spring

The house furnishing section discloses a wealth of suggestions for exquisite curtains, draperies, floor coverings and upholstery materials. Prominent in this spring's showing are the celebrated "Sundour" Drapery Fabrics. "Sundour" fabrics, even in the most delicate colors, are guaranteed to withstand exposure to the sun and repeated washing without injury to the dye. The colors are absolutely fast. On account of lack of space we mention but three of the "Sundour" materials from our great assortment.

Sundour Madras Muslin in dainty wreath, trellis and floral patterns in pink, green, blue and gold colorings on cream or white ground. Makes an exquisite bedroom curtains. 50 inches wide. The yard 75c

Sundour Casement Cloth of silk and wool texture. It is opaque to sunlight and can therefore be used in place of window shades. They come in brown, green, ecru and cream. Yard \$1.25

Sundour Madras Muslin for diningroom and livingroom curtains. The patterns are block and floral in brown, tan, green and rose shades. This fabric with the light seeping through them, when hung on the window, has the appearance of a rich shadow cretonne at three times the price. It is 50 inches wide. Price, the yard \$1.00

Special Display of Oil Stoves

We have in our windows a special display of Oil Stoves—the largest assortment that has ever been displayed by any firm in Edmonton.

If you are interested in getting a good oil stove you will have wide scope for selecting one here to morrow.

CONCERT AT WESLEY METHODIST CHURCH PROVED BIG SUCCESS.

A most delightful and successful musical entertainment was given in the Wesley Methodist church on Friday evening by some of the most noted artists in the city. The church was comfortably well filled, and the proceeds are to be used in the purchase of goods for the choir.

Among the seven soloists were: Miss Laura McMillan sang "Give Back the Heart You Stole from Me"; Mrs. A. McLean gave a very sweet song, "For All Eternity"; Miss Corbett's two piano numbers were excellently rendered and greatly appreciated, and Mr. Tom Gardiner, with the violin, gave two splendid numbers.

Theatres and Picture Shows

EMPIRE'S ORPHEUS PROGRAM PROVES OF THE HIGHEST CLASS

The show at the Empire theatre, which began yesterday, is a public good. It makes one live in the here and now. It puts one in the land of sunshine. There one drinks health and joy. The program is a great lesson in the cultivation of happiness. To the tired nerves of the business man it is a genuine relief to get out of the rut between home and the office. Those who would avoid the tragedy of postponed enjoyment should attend the Empire today. It won't hurt to go again tomorrow. The alchemy of a cheerful mind will turn the water of life into wine.

The national chant, "O Canada!" began the evening's enjoyment. The audience last night forgot to stand while the song was being sung. Matilda and Elvira, as pretty as a couple of fire engines, are described as novelty dancers and they begin the program proper with a most excellent offering. Their style is French, but they also present much that is Spanish. The "Hot Dance" of Matilda and the "Fortune Teller's Dance" of Elvira are charming. And the young women are good to look at and they are, for the most part, well. Their efforts were roundly applauded.

Helen Ruggles, the "dame" class, sings a song called "The Song of the Sea." It was a beautiful picture. Her singing is of an unusual sort, but extremely pleasing. For her own part, she looks and her voice are all that are needed to make her a striking success. She also displayed considerable dramatic ability. The story of the song is not smooth, and were it not for the brilliant work of John Burke and Carle, it might have been mostly to detract from the pleasure Miss Rives affords.

Mindell Kingston and George Ebner, in "A Valentine Flirtation" proved that a real power of life lies in smiles and that smiles are the only potent weapons to move things whether they tend to move or not. The scene is the old one of the man and the girl meeting on the street, but the fun, the singing and the dancing give the stuff a grip like that of one's most cherished old-time favorite. The girl has excellent voice and she uses French and German with as much grace as she does English. Her comedy is bulky. The scene is entirely original. The plot and arguments that are much like the real thing.

The Kaufman Brothers appear in "Tuneless Nonense," and get the greatest haul of the night. One of them was forced to make a speech before the audience, and his performance. The Hartleys, novelty jumpers, really furnish two separate shows. The man does wonderful things with all these ingredients on the fire in an acute saucepan and cook for fifteen minutes. Watch through a conical colander and stand aside. Then take seven oranges, two lemons, one pint of cold water, one quart of cranberries, sugar one package of seed raisins. Cut the oranges and lemons in halves and wash them. Wash the raisins and put them in a colander for half an hour. With a spoon remove all the white part. Mix the yellow rind very fine, and mix it with the juice, (which being rejected) and raisins, all in the sugar and water, cook slowly for two hours for over night in a fireless cooker or until nearly thick, when add the sugar. When it is thick stir in the cooked cranberries, cook five minutes from the time it boils, and all over, then pour into jelly tumbler, while hot. When cold cover with a layer of paraffin, then put on the lid. This will keep indefinitely in a cool dry place. If more richness is desired put in half a pound of cut meats just as the jam leaves the fire.

Delectable Orange Dulce. Take one quart of cranberries, one pint of granulated sugar, one pint of cold water, one quart of raisins and put all these ingredients on the fire in an acute saucepan and cook for fifteen minutes. Watch through a conical colander and stand aside. Then take seven oranges, two lemons, one pint of cold water, one quart of cranberries, sugar one package of seed raisins. Cut the oranges and lemons in halves and wash them. Wash the raisins and put them in a colander for half an hour. With a spoon remove all the white part. Mix the yellow rind very fine, and mix it with the juice, (which being rejected) and raisins, all in the sugar and water, cook slowly for two hours for over night in a fireless cooker or until nearly thick, when add the sugar. Take one quart of cranberries, one pint of granulated sugar, one pint of cold water, one quart of raisins and put all these ingredients on the fire in an acute saucepan and cook for fifteen minutes. Watch through a conical colander and stand aside. Then take seven oranges, two lemons, one pint of cold water, one quart of cranberries, sugar one package of seed raisins. Cut the oranges and lemons in halves and wash them. Wash the raisins and put them in a colander for half an hour. With a spoon remove all the white part. Mix the yellow rind very fine, and mix it with the juice, (which being rejected) and raisins, all in the sugar and water, cook slowly for two hours for over night in a fireless cooker or until nearly thick, when add the sugar. When it is thick stir in the cooked cranberries, cook five minutes from the time it boils, and all over, then pour into jelly tumbler, while hot. When cold cover with a layer of paraffin, then put on the lid. This will keep indefinitely in a cool dry place. If more richness is desired put in half a pound of cut meats just as the jam leaves the fire.

Delectable Orange Dulce. Take one quart of cranberries, one pint of granulated sugar, one pint of cold water, one quart of raisins and put all these ingredients on the fire in an acute saucepan and cook for fifteen minutes. Watch through a conical colander and stand aside. Then take seven oranges, two lemons, one pint of cold water, one quart of cranberries, sugar one package of seed raisins. GRACE! GIRLS! YOU MUST TRY THIS!

DOUBLES BEAUTY OF YOUR HAIR.

For 25 cents you can make your hair lustrous, fluffy and abundant.

Immediately—Yes! Certain!—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Dandine hair cleanse. Just try this—moisten a cloth with a little Dandine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt, or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Dandine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Dandine from any drug store or toilet counter and just try it.

He had created a beautiful statue for a man, and having fallen in love with his work, he was loathe to part with it when the rich man came to see it. The rich man then ordered the sculptor to carry the statue away, and when Diogenes appeared and told them that the statue should decide who the owner would be. The sculptor presented his case, pleading great distress, which the statue should decide who the owner would be. The sculptor presented his case, pleading great distress, which the statue should decide who the owner would be.

As before stated the program is a good one and will be most appreciably enjoyed by all.

LOVE STORY WEAVER ROUND DISASTER AT EMPRESS THEATRE

The fact that great catastrophes at the time of their happening make the whole world mourn in the loss, make this subject matter of the picture development has again been proved. The interest alone in these matters is enough to crowd any other subject from the mind. Events of this nature, but when an interesting and entertaining story is built up around them, motion picture film has indeed added value.

"The Perils of the Sea," the star feature film offering at the Empress theatre shows for the last time today, is a picture of this class. It makes use of the fact that a shipwreck is a realistic presentation of the burning of the ship and shows with good effect the sufferings of the passengers and the saving of others. The story runs as follows: Because he had the blame of his brother's crime, in robbing a money bag from the safe, Edward Landon is forced to board a ship after being unable to secure employment elsewhere. There he meets a young lady and they become fast friends. While en route a fire breaks out, the captain and all the noble efforts of Edward are unable to quell it. Many passengers are drowned, but Edward, who succeeds, however, in rescuing the girl. They drift on to a desert island, and there for five years they gradually revert back to the primitive.

One Bradford, an officer, happened on the island, and, finding the girl and the man, and lived on the island with them. He is in love with the girl, but she has no love for him, and tries hard to avenge the attention of the man. But, however, much in love with Edward, who has only a platonic affection for her. The main reason of the man's desire to marry her is that he is a noble officer, and he would be a star turn if he only thought of some original jokes and told them to the amusement of those he learned from a boy.

In keeping with the rest of the program, the picture is a comedy, but the picture, and the orchestra was as good as usual which is very highly praised.

FINE COMEDY FILM SHOWN LAST TIME TODAY AT BIJOU

The Bijou theatre offers a good program that opened yesterday and ends with today's performance. The picture is an exceptionally fine and brings many genuine hearty laughs from the audience. The Keystone player, "Fatty" Flanagan, has placed to himself another notch in the estimation of those who admire a good funny picture.

The fickleness of a woman's flighty love is in the picture "A Marble Heart" and is a compelling lesson. Following it, "The Theme" is a powerful one, and developed in an effective and pleasing manner. The picture is a comedy, and the orchestra was as good as usual which is very highly praised.

Outside the door of the home of a sculptor and his mother, left a poor, friendless young girl. The girl was the daughter of the sculptor, and she was the mother's only child. The girl was the daughter of the sculptor, and she was the mother's only child.

Ritchie and Wolgast Matched.

San Francisco, Feb. 17.—Willie Ritchie, lightweight champion, signed articles here yesterday for a 10-round bout with Ad Wolgast in Milwaukee the night of March 12. Under the terms of the agreement Ritchie will get \$10,000, with the privilege of 40 per cent. of the fight receipts. Ad Wolgast and his manager, Tom Jones, confirmed the statement by Willie Ritchie at San Francisco that both boxers had agreed to weigh 135 pounds at three o'clock on the afternoon of the fight.

Melville Trims the Robin Hood.

Regina, Feb. 17.—The Melville hockey team last night demonstrated the fact that they are not lucky by disposing of the Moose Jaw Robin Hood by a 5 to 3 score. Except in a few minutes of the last half the northern men threatened to tie the game in a knock out. At half time the count was Melville 2 and Moose Jaw 0. The game was a rough one and at one time it was not clear what was to come. The Moose Jaw men began to use combination play but when they did they played a whirlwind game. With one half a minute to go, Morney, the star right wing for Melville, hit a goal and made the count 5 to 3 at which number it remained.

St. Michaels Trims Cleveland.

Toronto, Feb. 17.—Five thousand persons at the arena last night saw the St. Michaels team defeat the visiting Cleveland team by a score of 7 to 1. The game was a rough one and at one time as many as four players were downed. The visitors showed great speed, but almost invariably lost the puck near the net, losing many chances to score.

PENNANTS NEVER HAD LOOK IN WITH DOMINIONS, AND LOST 8-3

Both Teams Handicapped by Heavy Condition of Ice—Pennants Had Stage-Fright and Never Got Going—Dominions Scored Four Goals in 4:23—At Half Time Was 5-1.

Pennants never had a look-in with the Dominions in their semi-final game at the south side rink last night, and the Dominions have a substantial lead of five goals to carry them over the final game at the Arena rink Wednesday night. A sticky, heavy ice, the worst of the season, seemed to handicap the Pennants more than the winners, and they apparently had an attack of stage-fright in the early part of the game, for in less than five minutes the Dominions were in four goals and had the jump on their opponents. In 12:59 the Pennants scored their first goal and the Dominions followed in 16 seconds, making the half time score 5 to 1. In the second period Dominions notched the first in 5:55, but the Pennants came back in 4:11 for their second tally. It took Stanley just 20 seconds to make the next for the Dominions and still another in 6:22. The Pennants scored the last goal of the game in 4:53 and the last minutes of play was one continual drag. He said, the Pennants played worse than ever before this season, over-lacking the puck, poor shooting and lack of combination were their strong features, and the game was more or less of a joke to the thousands or more rovers on hand. Manners, Stanley, Leo Cook and McGovern played consistent hockey, all through and Sutherland in goal was good, also lucky.

"Doc" Carmichael was the hardest worker on the losers' team and Whitehead, Knowlton and Olmstead, of the Pennants, intermediate team, played fair games. Olmstead replaced Jimmie Steel in the second half, owing to an injury received by the latter player. Altogether it was the poorest exhibition of hockey here this winter, and Wednesday night's game should be a walk-away for the Dominions. The final score was 8 to 3.

"Dimple" Manners had a night on his hands.

KNOCKING OVER THE 10 PINS AT OLYMPIC ALLEYS

Alberta Take Two From Olympics and Are League Leaders.

Only four bowlers rolled over the 200 mark in a three game series last night at the Olympic bowling alleys between the Alberta and Olympics. The former team won the first two games with 383 and 345, but the Olympics took the last game with 372. In single games Blackett rolled an even 200, Jarvis 205, Knott 215 and Gardner 223. Blackett was high aggregate man with 559. Following are the scores and league standings:

Alberta	Olympics
Blackett	200 187—200
Adams	164 151 152—467
Murphy	159 179 162—491
Knott	215 184 166—565
McCallum	182 151 164—497
Gardner	223 185 228—636
Mullen	158 154 176—483
Gordon	167 170 166—493
Jarvis	205 147 159—511
Morris	184 119 175—478
Alberta won two games.	826 729 872—2421
Olympics won one game.	729 729 872—2421

League Standing.

Team	W	L	Pct.

Wanderers	3	9	.250

Ad Wolgast Beats Garry.

Cincinnati, Feb. 17.—Fighting desperately in the last three rounds, Ad Wolgast, of Michigan, won a newspaper decision over Tommy Garry, of Chicago, in a ten-round boxing contest last night. Wolgast was the aggressor throughout and his terrific short arm jab and smashes did much damage. However, in Garry Wolgast found a decidedly formidable opponent for the Chicago boy likewise did considerable damage with a left hook and right uppercut. In the 10th round Wolgast used strenuous tactics and fought his men all over the ring and when Garry was groggy toward the end, he managed to stop the limit.

New Edinburghs Beaten Again.

Winnipeg, Feb. 17.—In a slow game of hockey here last night the Kenora squad defeated the New Edinburghs of Ottawa by the score of 3 to 1. The easterners put up a good game for the first half, but failed in the second half. New team showed anything like the western nester hockey as served up by the Winnipeg league. The Ottawa team escaped a shut out by scoring a minute before time. The easterners played at Kenora tonight.

TODAY IN PUGILISTIC ANNALS

1886—Jim Smith and Alf Greenfield fought a draw for \$4000. Smith was then the heavyweight champion of England having won that title the year before by defeating Jack Davis at Brighton. Greenfield was a heavy fighter, although he had twice been defeated by John L. Sullivan, once in 1884, in two rounds, and once in the following year in four rounds. After his draw with Greenfield the English champion was matched with John Kilrain. The fight was held in 1887, and resulted in another draw. This was about two years before Kilrain fought his famous battle with John L. Sullivan, going down to defeat and only after 75 rounds of furious fighting.

Dundee Matched With Wolgast.

Philadelphia, Feb. 17.—Mike Gibbons of St. Paul, Minn., and Paddy Dundee of this city in a six-round bout here last night. Gibbons apparently did not extend himself, but several times was hooded by the spectators.

"Kid" Graves Loses to Gibbons.

Philadelphia, Feb. 17.—Mike Gibbons of St. Paul, Minn., and Paddy Dundee of this city in a six-round bout here last night. Gibbons apparently did not extend himself, but several times was hooded by the spectators.

Thought Nothing But Death Would End Her Misery.

WAS TROUBLED WITH Heart Disease.

Mrs. J. D. Talbot, Owen Sound, Ont., writes:—

"I have been a great sufferer from heart disease, and leaking valves. I have had recourse to every kind of treatment I could think might help me, including the skill of several doctors. I suffered so for years that at times I have felt that nothing but death could end my misery. I was advised by a friend, who had suffered untold pain and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills, to give them a trial, so I decided to do so. I am delighted with the result, so I am now completely cured, and can eat and sleep as I have not done for years."

You are at liberty to use my name at any time as I am convinced they are the best pills on the market for any form of heart disease."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, all orders, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BONSPIRACY FINALS WILL BE PLAYED TODAY

Tonight will see the finish of the Greater Edmonton Bonspiel. But three games remain to be played. Robertson and Kinnear in the Brewing competition, Knowlton and Kinnear in the Brackman-Ker competition and Moir and Johnson in the Grand Challenge. The McDougall trophy was won yesterday by Ross of Viking, Ramsey of Camrose took the consolation, Saturday and Bernard yesterday won the Visitors. Knowlton of Athabasca is in the finals in the Brackman-Ker competition. Ker with Kinnear of Strathcona and these will be played off today.

Joe Moir yesterday took his team into the finals in the Grand Challenge by one of the best shots during the bonspiel. His opponent, O'Donnell, led at the ninth and 11 to 5 and at the tenth, 11 to 8. In the eleventh end, however, Moir got a five end, which tied the score 11 all, and in the last end, Moir brought all his curling ability into play and won out by a beautiful shot, his last.

In the finals in the McDougall, Ross of Viking beat Johnson, Capital, 12-11, in the Visitors, Bernard beat Knowlton of Athabasca 16-13 in the final. Altogether the visiting teams have made a splendid showing all through the bonspiel.

SPORTOGRAPHY

Spring Practice for Ball Teams "Makes Haste Slowly."

"Make haste slowly" is the motto of the pilots and trainers of professional baseball clubs. Strenuousness is at first discouraged, and the players, both recruits and old timers, are given only light work during the first couple of weeks of spring practice. "Play-it-easy" is likely to be the first stunt of the candidates for diamond honors. They learn to hit to each other lightly, with no more muscular effort than "kiddie" playing "catch." After this may come light batting practice, swatting slow balls. Medicine balls are a part of the equipment of nearly every training camp. The big ball is tossed from one to another. When Old Sal is in a favorable mood, the players are encouraged to back in the sunshine. Being able to play on the hottest day of summer is required of every ball player, and during spring practice they are encouraged to assimilate as much sunshine as possible, which is not only good for their health, but gradually accustoms them to the rays of the luminary. Jog-trotting usually follows the period of work, and this is to reduce those who have become too fat. The bath or shower and a thorough rubbing leaves the players free to do full length practice. The same program, morning and afternoon, usually follows for a week, or more two, with a slow but steady increase in the length of time spent in working out. By the second week the men may be sweating the ball harder, running around the diamond, and jogging a mile or two instead of a quarter or half mile. Then comes the time when the candidates and veterans take their regular positions, and before practice begins to assume the form of a baseball game. Before that time is reached, the shrewd manager has eliminated most of his recruits as impossible. A few still have a chance. May be one or two have become certainties, or two or three may be in the line. The spring practice will take off most of the surplus and the pennant season will complete the job.

"Kid" Graves Loses to Gibbons.

Philadelphia, Feb. 17.—Mike Gibbons of St. Paul, Minn., and Paddy Dundee of this city in a six-round bout here last night. Gibbons apparently did not extend himself, but several times was hooded by the spectators.

Thought Nothing But Death Would End Her Misery.

WAS TROUBLED WITH Heart Disease.

Mrs. J. D. Talbot, Owen Sound, Ont., writes:—

"I have been a great sufferer from heart disease, and leaking valves. I have had recourse to every kind of treatment I could think might help me, including the skill of several doctors. I suffered so for years that at times I have felt that nothing but death could end my misery. I was advised by a friend, who had suffered untold pain and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills, to give them a trial, so I decided to do so. I am delighted with the result, so I am now completely cured, and can eat and sleep as I have not done for years."

You are at liberty to use my name at any time as I am convinced they are the best pills on the market for any form of heart disease."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, all orders, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
